V-11718

Ref: FULL 8974, DIR 15976

Our apologies for the oversight in checking on the identity of V-11718 who was originally brought to our attention in "Operation Attila". In view, however, of GVO's statement that they would not use V-11718 in "Attila", cf. MGLA-6406, and a subsequent report, MGLA-6418, dated 8 December 1951, that he had been dropped because of his failure to inform Zipper of his FIS ties, we would like to know why Zipper has, apparently, resumed contact. Was V-11718 actually dropped? If so, what prompted Zipper to renew relations with V-11718? Was V-11643 involved? Who are V-11718's informants? We would appreciate having answers to these questions and any other information you may obtain from Zipper.
